

February 1, 1974

(start belt #10)

right now, and I think that Senator Carpenter is correct and sincere. We all understand his intent and and it can certainly be done on Select File, or by another bill. It would probably take both, so lets move the bill now.

PRESIDENT: Senator Clark, what is your pleasure.

SENATOR CLARK: I will move that this pure bill that has had pretty good conservation on it and I appreciate the TV time because my people do say that I don't get up on the floor too much. I appreciate all of this, and I want to thank Senator Carpenter for it, but I would move that this 762 go to E & R Initial.

PRESIDENT: Now then Senator Murphy, for what purpose do you rise? OK, you are just standing up? Thank you. Alright the question is shall LB762 as amended by the Carpenter amendment be advanced from General File to E & R Initial. All those in favor of advancing the bill will vote aye, and those opposed will vote no. Have you all voted? Now once again, have you all voted? Clerk will record.

CLERK: 36 ayes, Mr. President.

PRESIDENT: Bill is advanced. We did by pass, well we had to finish the debate on this one anyway, but we did pass by Senator Cavanaugh's LB334. Senator Cavanaugh, what is your pleasure regarding 334?

SENATOR CAVANAUGH: I think that it could get a little confused if I took it today. Could I bracket that for a week?

PRESIDENT: Senator Cavanaugh is asking unanimous consent to bracket 334 for a week. Are there objections? Hearing none so ordered. It is bracketed for next Friday then. That will bring up for general file then consideration LB806.

CLERK: Read LB806

PRESIDENT: Chair recognizes Senator Kremer for the Public works amendments to LB806.

SENATOR KREMER: Mr. Chairman, the amendment to 806 does two things. It eliminates trailers that are already under certain programs for putting a decal on these on the trailers and the other it strikes the word sixty and inserts the word forty-eight which means that a decal has to be placed forty-eight inches above the ground rather than sixty inches. I move the adoption of the committee amendments.

PRESIDENT: Is there further discussion of the committee amendment to LB806. The question is shall the committee amendment be adopted. All those in favor say aye, those opposed say no. So ordered. The committee amendments are adopted. Are there other amendments to the bill?

CLERK: None, Mr. President.

PRESIDENT: Very good, back to you Senator Carsten for your explanation of the bill.
